EDITOR'S NOTE

Digital transformation

July seems to be a month of digital transformation in India. On the 1st of July 2021, the "**Digital India**" initiative of Govt. of India completed its 6 years, and "**Goods & Services Tax**" completed its 4-year journey.

These initiatives have not only transformed India into a digitally empowered society but a knowledge-based economy as well.

This transformation led people/businesses to adopt digital technology which proved to be a boon during the difficult times of Covid-19.

Change is inevitable and a change in the right direction always leads to growth. Let's all take a step forward and embrace this change.

Pankaj Kataria

(Founder Pakkabill)

Recalling Last one year GST Evolution

CS Payal Kataria, Fellow member of The Institute of Company Secretaries of India with Post Graduation in Commerce, having 11 years experience as Practising Company Secretary in Delhi NCR, provides advisory services to organizations on Goods & Services Tax and also advises industry in adopting digital technologies in operations, use analytics for visibility and decision making. She contributed in a capacity as Special Invitee of GST Core Committee of ICSI in year 2017 & 2018. Member of Advance Tax Laws Experts Committee of ICSI 2020 and member of GST Cell of The Institute of Cost Accounts of India 2020.

"However Good a Constitution may be, If those who are implementing it are not good, it will prove to be bad. However bad a constitution may be, if those implementing it are good, it will prove to be good." Well said by Dr Saheb Baba Bhim Rao Ambedkar.

Same thought is applicable to the implementation of GST as well. It is a proud moment to celebrate 4th Anniversary of GST on 1st July 2021. This is the time to congratulate all the implementers of GST: GST Department Officers, Professionals, GST registered persons, GST Council. With the joint efforts of all the implementers, today India has successfully implemented GST in the country. No doubt in the past four year's journey, there were so many challenges and hiccups but with the proactive attitude of Government and patience of trade and industry, implementation is getting smoothened.

1st July reminds us of the historical change in the history of Indian Taxation. GST has been closely impacting the common citizen and at the same time generator of revenue for the country therefore this day will always be important for us.

In the last year, country was struggling to get out of covid-19 pandemic. Many businesses suffered the consequences of this Pandemic. From time to time, Government announced various covid relief schemes for GST registered person, in the form of extension of due date of filing various returns and applications, relaxation/ waiver/reduction in late fee, rate of interest and reduction of GST Rate on certain covid related products.

Important decisions taken and implemented last year

Exchange of data between CBIC and CBDT

To facilitate better exchange of data on regular basis, a MoU has been signed between the CBDT and the CBIC on 21.07.2020. In addition to regular exchange of data, these two organisations will also exchange, on request and spontaneous basis, any information available in their respective databases, which may have utility for the other organisation. A data Exchange Steering Group' has also been constituted for this initiative, which will meet periodically to review this process and take steps for further improvement.

Take away! Start doing proper reconciliation and matching between the data and figures reported to GST and income Tax. Now it is easy to catch the mismatches!

Recovery of interest on net cash tax liability

Major ambiguity with respect to the Section 50 of CGST 2017 is resolved. The CBIC issued instructions for recovery of interest on net cash tax liability under GST vide F. No. CBEC- 20/01/08/2019-GST dated 18.09.2020. Post issuance of Notification 63/2020 - CT, dated 25.08.2020, in order to implement the decision of the GST Council in its true spirit, and at the same time working within the present legal framework, the CBIC issued the following instructions to its field formations:

- a. For the period 01.07.2017 to 31.08.2020, field formations in your jurisdiction may be instructed to recover interest only on the net cash tax liability (i.e. that portion of the tax that has been paid by debiting the electronic cash ledger or is payable through cash ledger); and
- b. Wherever SCNs have been issued on gross tax payable, the same may be kept in Call Book till the retrospective amendment in section 50 of the CGST Act is carried out.

Take away! Interest will not be charged on Gross Tax liability for delay in filing of GSTR 3B.

E-Invoice

Revised schema for e-invoice under GST

The Government has notified the revised Schema for implementing e-invoicing only for businesses with a turnover of above Rs 500 crore from 01/10/2020. In this regard, the Government amended the earlier Notification No.13/2020-Central Tax, dated 21.03.2020 under Rule 48(4) of the CGST Rules, 2017. The refined format of e-invoicing added 20 new fields and removing 13 fields. Certain fields have undergone changes in character length as well. Special Economic Zones (SEZ) units shall also be exempted from issuing e-invoices.

Source:NotificationNo.60/2020-CTandNotificationNo.61/2020-CTdated 30.07.2020

Relaxation and latest changes Keeping in view the hardships faced by the taxpayers due to COVID-19, the Government had given relaxation that invoices raised by notified taxpayers during October, 2020 without following e-invoice procedure (i.e. uploading invoice details on e-invoice portal (IRP), obtaining IRN and issuing invoice with QR Code) will be deemed to be valid and no penalty will be there if the IRN for such invoices is obtained within 30 days of date of invoice. Portal updated on 01.10.2020

Second Phase of E invoicing roll out

E-invoicing under the GST regime will become mandatory for entities with a turnover of 100 crore from 1 January, 2021 for business-to-business transactions.

Third phase of e-invoicing roll out

E-invoicing under the GST regime will become mandatory for entities with a turnover of 50 crore from 1 April, 2021 for business-to-business transactions.

Take Away! Those covered under mandatory generation of E Invoicing must generate E-Invoice in time to avoid consequences of Penalty under Section 122.

Implementation of QR Code on B2C invoices

Registered taxpayers with an annual turnover of more than Rs.500 crore in any preceding financial year (starting from 2017-18) are compulsorily required to generate QR code on their B2C invoices from 1st December 2020 (initially was from 1st October 2020 but was deferred by the Notification No. 71/2020).

Optional filing of Annual Return extended to FY 2019-20

The Government extends optional filing of annual return for registered persons whose aggregate turnover in a FY does not exceed Rs 2 crore, for FY 2019-20 as well along with that for FY 2017-18 and 2018-19. This means that such taxpayers are not required to furnish Annual Return for 2019-20 and they can choose to not to file such return. Notification No. 77/2020-Central Tax dated 15.10.2020

Quarterly Return and Monthly Payment (QRMP) scheme

As recommended by 42 GST Council held on 05.10.2020, the Government decided to implement 'Quarterly Return and Monthly Payment (QRMP) scheme' from 1 January 2020. This scheme, allows a registered person to furnish return on a quarterly basis along with monthly payment of tax.

Eligibility of the QRMP Scheme

A registered person who is required to furnish a return in FORM GSTR-3B having an aggregate turnover of up to 5 crore rupees in the preceding financial year, is eligible for the QRMP Scheme. It is clarified by CBIC that the aggregate annual turnover for the preceding financial year shall be calculated in the common portal taking into account the details furnished in the returns by the taxpayer for the tax periods in the preceding financial year. Further, in case the aggregate turnover exceeds 5 crore rupees during any quarter in the current financial year, the registered person shall not be eligible for the Scheme from the next quarter.

Take Away! Before opting QRMP Scheme, it is advisable to study and know the scheme in depth.

GST Relief measures in view of COVID-19 pandemic

In view of the challenges faced by taxpayers in meeting the statutory and regulatory compliances under GST law due to the outbreak of the second wave of COVID-19 pandemic, the Government has issued various notifications dated 1 May, 2021, providing various relief measures for taxpayers.

GST Amnesty Scheme to provide relief to taxpayers regarding late fee for pending returns

To provide relief to the taxpayers, late fee for non-furnishing FORM GSTR-3B for the tax periods from July, 2017 to April, 2021 has been reduced / waived as under: -

- i. late fee capped to a maximum of Rs 500/- (Rs. 250/- each for CGST & SGST) per return for taxpayers, who did not have any tax liability for the said tax periods;
- ii. late fee capped to a maximum of Rs 1000/- (Rs. 500/- each for CGST & SGST) per return for other taxpayers; The reduced rate of late fee would apply if GSTR-3B returns for these tax periods are furnished between 01.06.2021 to 31.08.2021.

Take Away! Taxpayers whose Registration is cancelled in any of the year since July 2017, cannot take the benefit of Amnesty Scheme 2021 unless they are given opportunity to revoke cancelled Registration. In fact last year also Removal of Difficulty Order No 01/2020 dated 25.06.2020 was issued to allow revocation of Cancelled Registration.

Conclusion >>

No doubt various changes are initiated for the better functioning of GST but to claim Input Tax Credit, situation is becoming challenging for the taxpayers. Input Tax credit is the soul of GST and various changes in Section 16 of CGST Act and Rule 36(4) of CGST Rules are putting question mark on the objective of GST i.e 'Seamless Flow of Credit'
